Full Stack Developer | ML Enthusiast

Manamaiju, Kathmandu | 9824216755 | jenishniroula1@gmail.com | [linkedin.com/in/jenish-niroula-208866398](https://www.linkedin.com/in/jenish-niroula-208866398)

PROFESSIONAL SUMMARY

Motivated and curious BSc.IT (Hons.) student with a strong interest in IT and machine learning. Analytical thinker with hands-on full-stack experience in React, JavaScript, Python, and MongoDB, and an eye for minimalist, modern design. Empathetic and growth-driven, always pushing to improve personally and professionally.

TECHNICAL SKILLS

Languages: JavaScript, Python, HTML, CSS, R, PHP

Frameworks & Libraries: React.js, WordPress (custom theme development)

Databases & Tools: MongoDB, Git, GitHub

PROJECTS

Portfolio Website | *React, JavaScript, CSS, GitHub API*

- Built a personal portfolio using React and vanilla CSS, integrating the GitHub API to automatically fetch and showcase repositories.
- Link: jenish0001.github.io/Portfolio/

Nyayashree Legal Services Website | *Custom WordPress Theme, PHP, JavaScript*

- Developing a custom WordPress theme for a Kathmandu-based law firm's dynamic website, including SEO optimization, JSON-LD structured data, and a secure AJAX-based contact form.
- Link: <https://nyayashree.com>
